## bio

Sherman Fowler steps on the scene with his own unique style of jazz. Blending harmonious progressions together with a unique finger picking style, Sherman creates a brand of original jazz sound that invites you in to explore the music. After suffering severe second and third degree burns on his hands and told that he would not be able to use them for some time, Sherman felt led to pick up the guitar thus was blessed with a quick rehab. In less than two years his miracle recovery produced over fifteen songs featured on his first self-released debut CD "Your Love Is Like The Moon". Two years later, Sherman Fowler released his second project entitled "Outside The Box". Both CDs are being distributed by [shermanfowler.com](http://shermanfowler.com) and [TOWERRECORDS.com](http://TOWERRECORDS.com).

Sherman Fowler has gone on to become a three-time nominee for the Orange County Music Awards. Fowler was nominated as 'Best Jazz Artist' in 2003, 2005 and nominated for 'Best Acoustic Live Male' in 2005. This self-taught artist with his unique style of jazz has gone on to work with jazz greats like Spyro Gyra, two-time Grammy winner Diane Schurr, BROTHER, Fred Jacob Jazz Odyssey, and many more. Sherman Fowler often known as an over achiever working as his own manager, agent, and publisher, has started work on his next CD project that is due to be released soon. Fowler has also taken on the task of writing a movie score for the movie "William of Orange" that is currently in production.

Sherman Fowler stimulates the imagination with a sound that traverses the musical map. Sherman's intoxicating formula of dynamic, unique jazz sounds, pop hooks, haunting vocals and memorable melodies create a dose of sonic bliss that is full of surprises. A unique style of jazz combined with original, heart felt, and socially conscious lyrics define the musical impressions of this self-taught entertainer. The music is founded upon Sherman's belief that we have entered an era of cooperation and unity in which music is playing an integral part. Our purpose is to help set new standards of excellence in the music of this era. To do so, we are dedicated to a process of continuous refinement both artistically and commercially. Sherman Fowler has developed a loyal following and at the same times given the music world a fresh new sound. He currently resides in California where he is performing various solo gigs.

# *Letter of Endorsement*

**Dear Music Industry Professional,**

**We are writing this letter on behalf of a member of the Independent Artist Registry (IAR). The IAR is an independent talent scouting service that works with thousands of talent buyers, promoters and the top hundred record labels to find undiscovered performers developed enough to work on the next level.**

**Artists do not pay for membership in the IAR. The IAR evaluates thousands of independent artists who meet the program's minimum requirements, then only selects the best and most promising performers for membership. These artists have our full endorsement, and we actively promote them to thousands of reporters and music pros like you as one of the best up and coming artists in the country.**

**After our review of thousands of independent artists, only 34 were selected for membership this year including the artist we are writing you about, Sherman Fowler.**

**If you are reading this letter and have reviewed their media kit, it is obvious this artist is interested in working with you. We highly recommend you consider this artist for any opportunities you have. They were selected for the IAR out of a field of thousands of other artists and have proven themselves to be both accomplished and sufficiently developed. We are proud to have them as a member of the nation's premier talent scouting service and stand behind them 100%.**

**If you have any questions, or if I can be of further assistance to you regarding this artist, please feel free to contact me directly.**

**Sincerely,**
